

## Fees distribution between delegates, uses and admin:

User first need to enable delegates by Advanced feature in setting.

User can find delegate tab menu.

User will select delegates from delegate list for voting.

Delegate List					
<div>All Voted Not voted</div> <div>Search for a delegate</div>					
VOTE	RANK	NAME	PLAAK ID	PRODUCTIVITY	
<input checked="" type="checkbox"/>	1	plaak_2	7141483601469737392L	100 %	
<input checked="" type="checkbox"/>	2	plaak_4	5123416281361170566L	100 %	
<input checked="" type="checkbox"/>	3	plaak_3	8915991036464781888L	100 %	
<input type="checkbox"/>	4	plaak_1	4540393408310767905L	100 %	

After that user will click on vote button.

The 'Votes' screen displays two limit boxes. The first box, titled 'Transaction Limit', shows '1 / 33' in large orange and white text, with 'Max Votes Per Transaction' below it. The second box, titled 'Account Limit', shows '2 / 21' in large orange and white text, with 'Max Votes Per Account' below it. Both boxes have orange progress bars at the bottom. A red 'Vote' button is centered at the bottom of the screen.

Then user will fill our passphrase and click next button.

The 'Enter your passphrase' screen features two columns of six input fields each, each containing a series of dots. A 'Show Passphrase' link with an eye icon is in the top right corner. At the bottom, there are red 'Back' and 'Next' buttons.

User will select final confirmation.

The 'Final confirmation' screen has a large title at the top. Below it, the text 'Are you sure to confirm this selection?' is displayed. Two red buttons are at the bottom: 'Confirm (Fee: 1 PLKX)' and 'Back'.

After that 10 minutes, fees will be distributed between delegates, sender and admin.  
Delegates will receive 40% amount, sender will receive 40% amount and admin will receive 20% amount of total fees.
